

Wannon Falls

In the late 19th century the Railway brought sightseers to Wannon Station to picnic here. Today there are facilities for caravans and campers.

A healthy and beautiful experience ideal for adventurers, photographers and family outings in natural surrounds with quiet bucolic vistas. Heritage bridges, an old station, waterfalls and picnic grounds . . .

We thank these organisations for their support and assistance over the years :-

Energy,
Environment
and Climate Action

We respectfully acknowledge the traditional owners of this land, the Gunditjmarra-Booandik people, their culture and their Elders past, present and emerging.

Spring at the Wannon Trestle Bridge.

The Coleraine Station (built circa 1887)

All native Fauna & Flora is protected and to be respected, so, NO hunting! and please refrain from picking wildflowers.

No motorised access is permitted unless by prior consent, electric wheelchairs excepted. For the benefit of all please take your litter with you, travel safely and we hope you enjoy your journey.

HAMILTON - COLERAINE RAIL TRAIL

The Hamilton-Coleraine Rail Reserve is a public Reserve managed by a volunteer Committee appointed by the Department of Environment, Land, Water and Planning (DELWP) for Conservation & Recreation.

The line runs 37 kms from Hamilton through Wannon to Coleraine with another two stations between them (Bochara and Parkwood); it was opened in 1888 and closed to train travel in 1977.

Declared a Reserve for Nature Conservation and Recreation of ~157 hectares in 2000. Rich with native flora and a wildlife corridor it is being developed as a walking track and cycling trail with 22 kms currently accessible.
